A woman says two men used a taser to steal money from her.

That's according to police who say the Goodwill employee was walking to her car after closing the New Circle Road store at 10:00 Saturday night when she came across two men with hoodies and face coverings who were hiding in the bed of a truck.

Officers say the men demanded money from her, tased her, then took the deposit bag she had with her along with her purse.

She has only minor injuries.
