North Mackay man found with taser, ice and \$56,000 in cash: Detective Acting Inspector David Tucker on the drug bust.

A 38-YEAR-OLD North Mackay man has been found in possession of roughly \$5000 worth of the drug ice, a working taser and \$56,000 in cash, suspected to be the proceeds of a drug offence.

Police were conducting patrols when they intercepted the man on his motorbike about 10am today on Nebo Rd in South Mackay.

Detective Acting Inspector David Tucker said the motorbike had been involved in an evade police incident last week, when police attempted to intercept it.

Det Acting Insp Tucker said police then searched the man's North Mackay home and located a taser.

The man is charged with possessing a dangerous drug, possessing proceeds of a drug offence and possessing a firearm.

"The amount of drugs, coupled with the amount of money certainly says to use that this is a significant seizure," Det Acting Insp Tucker said.

The man remains in custody and is expected to appear in Mackay Magistrates Court tomorrow morning.
