

Police concerned after Taser discovery

Fri, 18 Dec 2015

Police say they're "happy" they've removed a potentially harmful weapon from the Island's streets.

Yesterday they found a Taser during a raid at a property in Ramsey.

Officers say it's not often they seize prohibited weapons from people but admit it's a concern the stun gun was recovered alongside Class A drugs and cash.

A 25-year-old man has been charged and will appear in court on Tuesday.
